The above rates are for the luminary and pole only. The underground conduit and wiring system shall be furnished, installed, owned, operated, and maintained by the Customer, unless otherwise agreed to in writing by the Utility and the Customer. Said conduit and wiring system shall be installed according to the latest edition of the National Electrical Code, National Electrical Safety Code, and/or other rules and regulations that may govern such installation. Service is not available using overhead lines.

In the event a pole must be set in an existing concrete or asphalt paved area, the Customer shall be responsible for removing an adequate section of paving so the Utility can set the pole, and the customer shall be responsible for replacing the paving after the pole has been set.

Overhead electric lines necessary to provide service to the Customer's underground wiring system will be installed, owned, operated and maintained by the Utility. The installed cost of such overhead facilities will be billed to the Customer at the Utility's cost on a one-time basis.

PAYMENT

The Initial Charge, as shown on page one, shall be paid prior to the installation of any poles or luminaries. Monthly bills for service rendered hereunder are payable within fourteen(14) days from due date, and if not paid within such period become delinquent and subject to charges set forth in the Utility's Rules and Regulations.

TAX PROVISIONS

In the event any privilege, license, franchise, use, occupational, or other similar tax is imposed upon the Utility by any governmental authority, either Federal, State or local, in excess of those in effect on October 1, 1996, there shall be added to the above rates and charges, an amount, calculated on a pro-rata basis, sufficient to recover any such tax or taxes.

TERM OF CONTRACT

Contracts for service under this rate shall be for a minimum period of five(5) years and thereafter extended from year to year unless terminated by six(6) months written notice from either party to the other after the expiration of the initial term of the agreement.

GENERAL

The amount calculated at the above rates may be increased or decreased under the provisions of the Utility's Rate "ECA" (Energy Cost Adjustment) by applying the effective Energy Cost Adjustment factor to the average kilowatt-hours consumed per lamp each month.

This rate schedule applies to all billing rendered for Unmetered Ornamental Outdoor Lighting service on or after May 1, 1998, and shall continue from month to month until rescinded.
