

# DCX525

## Digital Set-Top-Box

### Setting up your DCX525

#### 1. Connect to your cable service.

Connect the coaxial cable from your wall outlet to the CABLE IN PORT on the DCX525 box.

#### 2. Connect your TV.

If you have a high-definition TV, use the HDMI connector.

If you have a standard-definition TV, use the RF OUT connector.

#### 3. Plug in the DCX525.

Connect the power cord to the DCX525, then plug it into an un-switched electrical outlet.

#### 4. Turn on the TV and select the input.

If you have an HDTV, use the remote control for you TV to select the HDMI port you used to connect the DCX525.

If you have an Standard TV, tune your TV to Channel 4.

#### 5. Enjoy your new services!

If you need help or have questions please call Riviera Utilities and speak with a Customer Service Representative at 251-943-5001

*Thank you!*
